Who is the best Travel and Events Company to work for in Australia?

etm group, a boutique travel and events company has been awarded 6th place in the BRW Best Companies to Work for 2009 and #1 ranked travel and events company. What is their secret?

Linda Porteous, who has been working at etm since it started in 2001 says "etm is the most caring, generous and welcoming place I have ever worked where everyone is respected and appreciated for what they do. We all receive 5 weeks annual leave, all staff are given a comprehensive week long induction program, we have established etm university for professional development for all staff and most of all, the company has an amazing culture".

etm's directors, Jan Upton, David Hummerston and Leon Burman comment that they have always protected etm's unique culture. "Our success is due to our staff, the etm family. Success can be measured in many ways but our main measure of success is that we have had very few people leave the company over the years and if they have it was generally due to a lifestyle or career change. We are committed to be the workplace of choice in the travel and events industry".

etm is a boutique travel and events management company with over 70 staff and one of the best places to work!
